

Scholarship Essay

In order to succeed in one's career, it is important to make choices in life. As for me, I have discovered that the _____ is a perfect place for me. This paper will observe the reasons that have ensured me to apply for scholarship in the _____.

My most meaningful achievement was my recent Bachelors of Science degree completion. This program has prepared me for my future career in health-related facilities. It also offers me a wide variety of other opportunities, such as the continuing study in a special healthcare field. I realize that my study has improved my learning skills that can be applied later in the life-long learning. Classes and the campus environment have discovered new opportunities to improve my life through new knowledge that I can use in my future career. I can operate new skills, knowledge, and experience in every day working settings. My Bachelor of Science degree also promotes various considerations, such as cultural, gender, racial, and ethnic relevant to healthcare practice.

My children have been the biggest influence in my life because I take care of them and teach them a lot. I hope that my thoughts, attitudes to different things in life, and much more have left a permanent imprint on their personalities. Therefore, I believe that they will behave in accordance with ethical norms and intelligence even in my absence. My attachment with children is very close and it will determine their lifespan development.

Moreover, I am sure that I am the undisputed advisor and model for them.

My previous education has inspired me in life-long studying because the modern life requires new knowledge, fresh ideas, and innovative experiences. It is quite clear to me that the _____ will benefit me in these aspirations. Everyday classroom environment encourages me to compete with others and take leading position in a student group. Therefore, I am sure that I have a lot of potentials to achieve my professional goals and take a leadership position within a company. I am sure that the _____ will prepare me to work in a healthcare facility incorporating all my knowledge and skills obtained here.

My search for better career and life has brought me to the _____. After the thorough research, I have decided that it is the best place where I supposed to be. The campus provides not only high-quality education but also gives a perfect advantage to communicate with best teachers and other professionals in the healthcare field. It is a place, where everybody can learn something new and has a possibility to participate in the everyday healthcare environment. I have learned that communication and respect to other people will help me become a valuable professional in a healthcare setting.

Planning to move to better in my career and a better life for my family, I have learned that team and family are the most important in life. In order to succeed in workplace, I should become part of the team that makes common decisions and resolve problems. Admittedly, my family gives me the courage to succeed in life and career. These two notions are intertwined with each other, and I need both of them. They help me find the

balance in life and make me happy.

I work for a dialysis company, where I can implement my knowledge and skills. However, I hope to achieve higher positions because I feel that I can manage personnel and direct them to the right path. Probably, I will enter a health-related field, where I can realize my plans in full size. To achieve this, I am sure that my personal qualities demonstrate my ability to do so. I am an honest, reliable, responsible, and friendly person, who cares about others. My ability to communicate with people from diverse cultural and ethnical group makes me unique.

To summarize, I hope to enter the _____ and fulfill my dreams and expectations. I am sure that my intensions, leadership abilities, and personal skills are my best attributes to apply for the program.
